Hi david

I didn't see you CSC373 grade on the transcript but clearly you are a strong student. So i would be happy to supervise you in a CSC494 project.

I am not sure when we can start officially but unofficially we can start whenever you are available.

I am coming to my office (SF 2303B tomorrow) if you happen to be on or near campus. Otherwiose we can meet by zoom.

I am working at home today and should be available most of the day.

Hi Allan,

Yes, I have! I received 96% in CSC373, 100% in CSC236, 88% in CSC263 and 91% in CSC369, among others. I've reattached my transcript to this email - please let me know if it doesn't come through again.

Thanks,
David

Hi David

I don't see your transcript. Have you take CSC373?
